

ISMS Scope

ISO 27001 GRC Simulation — PT Maju Jaya Digital

Organization

PT Maju Jaya Digital (fictional organization).

Scope

The simulated ISMS covers the HR application, HR database, cloud infrastructure, and the IT team responsible for managing the environment.

Objective

Establish a structured approach to managing information security risks affecting employee data and supporting IT services.

Out of Scope

Business units and systems outside the defined HR environment and responsible IT team.
