

Management Review Minutes

PT Maju Jaya Digital — ISMS Simulation

Meeting Date

30 Aug 2026

Participants

IT Manager, GRC Officer, HR Manager

Meeting Objective

Review ISMS performance, audit results, risk status, backup readiness, and improvement actions.

Audit Results

Four requirements were reviewed: two compliant and two findings. A-03 is Closed; A-04 remains Open pending security-awareness evidence.

Risk Review

Administrator account takeover remains a concern because periodic privilege access review has not yet been operationalized.

Backup Review

Daily backup has been implemented, but restore testing has not yet been performed.

Decisions and Actions

- Establish periodic access review every three months.
- Perform restore testing to verify backup recoverability.
